EXPLORING THE PHILOSOPHY SHORT COURSE

This introductory day to the NCCA Philosophy Short Course explores the structure and content of the specification and offers an experiential understanding of the underpinning pedagogy, Philosophy for/with Children. Teachers will also have the opportunity to reflect on their role and school context in planning for teaching, assessment and reporting in this inquiry based learning environment. This is the final opportunity to attend this workshop this academic year.

"Think left and think right and think low and think high. Oh, the thinks you can think up if only you try!"
DR. SEUSS

Saturday 9th November
Laois Education Centre
Time: 10.30 - 16.30
