- **DUBLIN WEST** Education Centre Sat 15th Sep 11:00 - 13:00
- **DUBLIN WEST** Education Centre Sat 15th Sep 14:00 - 16:00

The JCT Music Technology elective is an exciting opportunity to work through our music specification using digital technologies. This workshop ran very successfully last year and, due to demand, we are offering a second chance for teachers to explore digital technologies that can support the learning and teaching of Junior Cycle Music learning outcomes.

In exploring learning outcomes that could be engaged with using digital technologies, teachers will build confidence in using basic digital skills, with software such as Audacity on PC and Garageband on iPad, with a view to creating innovative learning experiences for their students.

iPads and PCs will be provided. Please bring your own headphones.
Tea and Coffee available prior to start of workshop
