Cuid B: Folláine sa tSraith Shóisearach

Mar chuid den tSraith Shóisearach nua beidh scoláirí ag glacadh páirte i réimse nua foghlama dar teideal Folláine. Tógfaidh sé sin ar an obair atá ar siúl ag scoileanna cheana féin chun tacú le folláine scoláirí agus chun níos mó béime a leagan uirthi.

Cén fáth a bhfuil tábhacht leis an bhfolláine?

Féadann na hidirghníomhaíochtaí laethúla go léir a tharlaíonn ar scoil dul i gcion ar fholláine an scoláire. Mar sin is féidir le gach duine ról a ghlacadh i dtacú le folláine. Tá sé de cheart ag gach scoláire a bhrath go bhfuil aire á tabhairt dó ar scoil. Tá sé ríthábhachtach an dea chaidreamh a fhorbairt sa seomra ranga agus ar fud na scoile ar mhaithle le folláine gach scoláire agus teagasc agus foghlaim éifeachtach. Nuair a mhothaíonn scoláire gur cuid den scoil é, go bhfuil meas air agus go n éistear leis, bíonn sé sásta foghlaim agus éiríonn níos fearr leis san fhoghlaim. Tá folláine tábhachtach mar ní amháin go n éiríonn níos fearr leis an scoláire ar scoil mar gheall uirthi ach freisin féadann sí dul i gcion ar an gcaoi a n-éiríonn le duine óg agus é ina dhuine fásta.

Corpoideachas agus Folláine

Beidh an Corpoideachas (CO) ina chuid lárnach den réimse nua foghlama darb ainm Folláine Cuireann an gearrchúrsa seo sa CO leis an gclár Folláine trí eispéisíris foghlama a sholáthar a chabhraíonn le scoláirí a bheith níos ábalta agus níos spreagtha chun gníomhaíocht choirp rialta a bheith ina saol, rud a chabhraíonn dá réir leis an taithí iomlán a bhíonn acu ar fholláine.

Is é 135 uair an t-íosmhéid ama don CO a spréitear thar an chéad, an dara agus an tríú bliain (2 thréimhse leanunach sa tseachtain)

Ní mór do scoláirí staidéar a dhéanamh ar an gCorpoideachas ag leanúint ceann acu seo ...

Cuid D: Naisc idir corpoideachas na sraithe sóisearaí agus príomhscileanna

Cuireann an cursa seo deiseanna ar fáil chun tacú leis na príomhscileanna uile, ach tá roinnt díobh a bhfuil tábhacht ar leith leo. Sainaithnítear sna samplaí thíos roinnt de na gnéithe a bhaineann le gníomhaíochtaí foghlama sa corpoideachas. Chomh maith leis sin, is féidir leis an múinteoir a lán de na gnéithe eile de phríomhscileanna ar leith a fhí isteach ina chuid pleinála don seomra ranga.

An phríomhscil	Gné na príomhscile	Gníomhaíocht foghlama an scoláire
A bheith cruthaitheach	Roghanna a fhiosrú	Pléann agus comhaontaíonn an scoláire réitigh ar fhadhanna a thagann chun cinn i ngníomhaíochtaí coirp éagsúla.

Section F: Indicators of Wellbeing

It is important that all schools are working towards a shared vision and set of indicators which describe what is important for young people and their wellbeing. On this basis, six indicators – Active, Responsible, Connected, Resilient, Respected and Aware have been identified as central to wellbeing. These indicators make what is important explicit for students, teachers, parents and the wider school community. Each indicator has a small number of descriptors.

ACTIVE

- Am I a confident and skilled participant in physical activity?
- How physically active am I?

RESPONSIBLE

- Do I take action to protect and promote my wellbeing and that of others?
- Do I make healthy eating choices?
- Do I know where my safety is at risk

CONNECTED

- Do I feel connected to my school, my friends, my community and the wider world?
- Do I appreciate that my actions and interactions impact on my own wellbeing and that of others, in local and global contexts?

RESILIENT

- Do I believe that I have the coping skills to deal with life's challenges?
- Do I know where I can go for help?
- Do I believe that with effort I can achieve?

RESPECTED

- Do I feel that I am listened to and valued?
 - Do I have positive relationships with my friends, my peers and my teachers?
- Do I show care and respect for others?

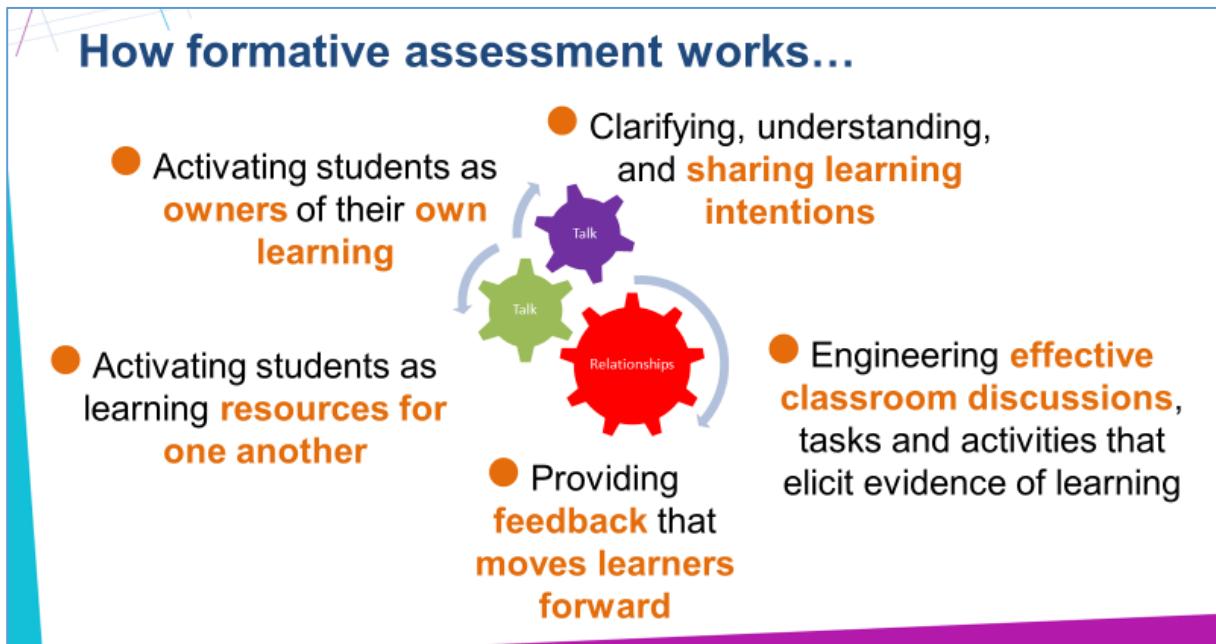

AWARE

- Am I aware of my thoughts, feelings and behaviours and can I make sense of them?
- Am I aware of what my personal values are and do I think through my decisions?
- Do I understand what helps me to learn and how I can improve?

Section H: Extract from *Looking at our School 2016 – A Quality Framework*

Looking at our School 2016 is a quality framework for post-primary schools. It is designed for teachers to use in implementing the most effective and engaging teaching and learning approaches in their schools. Below is an extract from Domain 3 – Standard 2 of ‘The Statements of Practice – Teaching and Learning’ (p.18). Cruinnithe don Athbhreithniú ar Fhoghlaim agus ar Mheasúnú Ábhair

Subject Learning and Assessment Review Meeting

Cuireann cruinnithe don Athbhreithniú ar Fhoghlaim agus ar Mheasúnú Ábhair ar chumas múinteoirí comhleanúnachas a bhaint amach ar bhonn comhoibríoch ina mbreithiúnaí ar obair an scoláire i gcoinne Gnéis Cállochta coiteanna, a leagtar síos go seachtrach. Forbrófar tuiscint níos mó ar chaighdeáin agus ar ionchais de réir a chéile de réir mar a thiocfaidh múinteoirí le chéile i bplé gairmiúil chun machnamh a dhéanamh ar cháilíocht obair a gcuid scoláirí féin, agus treoir acu ó shonraíocht ábhair, treoirínté measúnaithe agus ábhar tacaíochta eile lena n-áirítear samplaí anótáilte d'obair scoláirí arna soláthar ag CNCM.

Subject Learning and Assessment Review meetings enable teachers to collaboratively reach consistency in their judgments of student work against common, externally set Features of Quality. Greater understanding of standards and expectations will develop over time as teachers come together in professional discussion to reflect on the quality of their own students' work, informed by the subject specification, assessment guidelines and other support material including annotated examples of students' work provided by the NCCA.

Achoimre / Overview

Tá an próiseas athbhreithnithe dírithe ar mhúinteoirí ag plé obair an scoláire ag cruinnithe struchtúrtha.

Beidh ról tábhachtach aige ag cuidiú le múinteoirí tuiscint a forbairt ar chaighdeáin agus ar ionchais trí chur ar a gcumas machnamh a dhéanamh ar an bhfianaise d'obair na scoláirí agus chun na straitéisí foghlama agus teagaisc a thacaíonn leis an obair sin a chomhroinnt.

Is iad seo a leanas cuspóirí an phróisis athbhreithnithe:

- comhleanúnachas níos mó i mbreithiúnas na múinteoirí
- aiseolas níos fearr do scoláirí
- breithiúnaí a ailníú níos fearr leis na caighdeáin a bhfuiltear ag súil leo,

agus a dheimhniú do thuismitheoirí agus do dhaointe eile go bhfuil na scoláirí ag fáil aitheantaí iomchuí dá gcuid éachtaí ar aon dul le caighdeáin agus le hionchais.

Beidh soláthar i bhféilire na scoile don tréimhse a thóngfaidh cruinnithe athbhreithnithe ón 22 uair an chloig de thréimhse ghairmiúil a leithroinnfear le haghaidh gach múinteoir lánimseartha gach bliain. Leithdháilfidh bainistíocht na scoile dhá uair an chloig breise ar mhúinteoir amháin as gach ábhar chun ullmhú i gcomhair gach cruinniu athbhreithnithe agus iad a chomhordú. Rothlófar an ról sin i measc na múinteoirí ábhartha.

Beidh gach cruinniú:

- bainteach go sonrach le hábhar ar leith
- thart ar dhá uair an chloig ar fad
- ar siúl ag am chomh gar agus is féidir do chur i gcrích an Mheasúnaithe Rangbhunaithe
- bainteach le hathbhreithniú ar obair na scoláirí a bainfidh le Measúnú Rangbhunaithe sonrach

Nuair a bhíonn mhúinteoir ábhair amháin i scoil, féadfar éascaíocht a dhéanamh don mhúinteoir chun páirt a ghlaicadh i gcruiinniú Athbhreithnithe ar Fhoghlaim agus ar Mheasúnú Ábhair i scoil eile. I gcás scoil lán-Ghaeilge, is féidir le mhúinteoir ábhair amháin a bheith rannpháirteach i gcruiinniú Athbhreithnithe ar Fhoghlaim agus ar Mheasúnú Ábhair i scoil lán-Ghaeilge eile.

The review process is centred on teachers discussing student work at structured meetings. It will play an important role in helping teachers to develop an understanding of standards and expectations by enabling them to reflect on the evidence of students' work and to share the learning and teaching strategies supporting that work.

The objectives of the review process are to achieve:

- greater consistency of teachers' judgement
- better feedback to students
- greater alignment of judgements with expected standards,
- and to assure parents and others that students are receiving appropriate recognition of their achievements in line with standards and expectations.

The time for review meetings will be provided for in the school calendar from the allocated 22 hours of professional time for each full-time teacher each year. One teacher of each subject will be allocated two additional hours by school management to prepare for and coordinate each review meeting. This role will normally be rotated among the relevant teachers.

Each meeting will:

- be subject specific
- be approximately two hours long
- take place at a time as near as possible to the completion of the Classroom-Based Assessment
- involve the review of student work related to a specific Classroom-Based Assessment.

Where there is a single teacher of a subject in a school, the teacher can be facilitated to participate in a Subject Learning and Assessment Review meeting in another school. In the case of an Irish-medium school, the single teacher of a subject can participate in a Subject Learning and Assessment Review meeting in another Irish-medium school.

Treoir and Éascaitheora / Facilitator's Guide

Comhlíonfaidh na múinteoirí ról éascaitheora i rith na gcuinnithe Athbhreithnithe ar Fhoghlaim agus ar Mheasúnú Ábhair ar bhonn rothlach. Déanfaidh an t-éascaitheoir samhaltú ar cheistiú éifeachtach i rith an phlé ar shamplaí d'obair an scoláire ag díriú ar an gcaoi is fearr a mheatseálann obair na scoláirí na Gnéis Cailíochta. I rith cruinnithe athbhreithnithe, nuair nach léir go follasach cén tuairisceoir ba cheart a bheadh i bhfeidhm, ba cheart don ghrúpa an fhianaise a chuardach in obair an scoláire a mheatseálann gach ceann nó beagnach gach ceann de na Gnéis Cailíochta a bhaineann le tuairisceoir faoi leith. Cuireann cur chuige 'na rogha is oiriúnaí' ar chumas an mhúinteora an tuairisceoir is fearr a mheatseálann 'ar an ionlán' an obair atá á meas a roghnú. Cuirfidh an t-éascaitheoir [tuairisc ghearr](#) den chruinníú athbhreithnithe isteach chuig príomhoide na scoile.

Níor chóir don mhúinteoir talamh slán a dhéanamh de go mbeidh torthaí grúpa scoláirí ag teacht le haon phatrún dáileacháin ar leith, de bharr nach ndéantar obair an scoláire a mheas ach amháin trí thagairt do na Gnéis Cailíochta seachas don chaoi ar éirigh leis na scoláirí eile.

Teachers will fulfil the role of facilitator during Subject Learning and Assessment Review meetings on a rotational basis. The facilitator will model effective questioning during the discussion of the samples of student work focusing on how well students' work matches the Features of Quality. During review meetings, where it is not clearly evident which descriptor should apply, the group should look for the evidence in the student's work that matches all or nearly all of the Features of Quality associated with a particular descriptor. This 'best fit' approach allows teachers at the review meeting to select the descriptor that 'on-balance' best matches the work being assessed. The facilitator will submit a short report (see Appendix 1) of the review meeting to the school principal.

Teachers should not assume that the results of a group of students being assessed will follow any particular distribution plan as the student's work is being judged only against the Features of Quality rather than other students' performance.

Roimh an gcrúinníú / Before the meeting

Mar chéad chéim, b'fhéidir gur mhaith le múinteoirí athbhreithniú a dhéanamh ar roinnt de shamplaí anótáilte ábhartha CNCM sula dtagann siad ar chinntí maidir le hobair a gcuid scoláirí féin.

A luaithe is a bhíonn a Measúnú Rangbhunaithe curtha i gcrích ag scoláire, déanfaidh an múinteoir réamh-mheasúnú ar obair an scoláire bunaithe ar na Gnéis Cailíochta. Feadfar na réamh-mheasúnuithe sin a mhodhnú i bhfianaise an phlé a tharlaíonn ag an gcrúinníú don Athbhreithniú ar Fhoghlaim agus ar Mheasúnú Ábhair.

Beidh aird ag an múinteoir ar an tuairisceoir a bheith leithdháilte ar gach scoláire agus ar aon phointe eile a bheidh siad ag iarráidh nó a mheastaídh siad áisiúil tagairt dó i rith an chruinnithe don Athbhreithniú ar Fhoghlaim agus ar Mheasúnú Ábhair agus ina dhiadh. Is don mhúinteoir féin a bheidh na notaí sin.

Mar ullmhúchán don chruinníú don Athbhreithniú ar Fhoghlaim agus ar Mheasúnú Ábhair, sainaithneoidh gach múinteoir sampla amháin d'obair scoláire le haghaidh gach tuairisceora, agus beidh siad sin ar fáil lena bplé ag an gcrúinníú.

As a first step, teachers may find it helpful to review some of the relevant NCCA annotated examples prior to coming to decisions about their own students' work.

Once students have completed their Classroom-Based Assessment, the teacher will carry out a provisional assessment of the students' work based on the Features of Quality. These provisional assessments may be modified in light of the discussions that take place at the Subject Learning and Assessment Review meeting.

The teacher will make a note of the descriptor allocated to each student and any other point they may wish or find useful to refer to during and after the Subject Learning and Assessment Review meeting. This note will be for the teacher's own use.

In preparation for the Subject Learning and Assessment Review meeting, each teacher will identify one sample of student's work for each descriptor, where feasible, and will have these available for discussion at the meeting.

I rith an chruinnithe / During the meeting

Is é an t-éascaitheoir a bheidh i mbun an chruinnithe agus coimeádfaidh sé/sí taifead de na cinntí a dhéanfar i [dteimpléad](#), a úsáidfear chun tuairisc den chruinníú a chur i dtoll a chéile. Moltar go leanfadh an crúnníú an leagan amach seo tríd is tríd:

- Míníonn an t-éascaitheoir gurb é cuspóir an chruinnithe tacú le comhleanúnachas breithiúnais maidir le hobair an scoláire agus comhthuiscint a fhorbairt maidir le cailíocht fhoghlaim an scoláire. Ba cheart aird a tharraingt freisin ar fiúntas an chruinnithe ó thaobh aiseolas a thabhairt don scoláire ar conas a d'fhéadfadh sé a chuid oibre a fheabhsú.
- Iarrann an t-éascaitheoir ar bhall foirne amháin sampla a thaispeáint de shaothar a ndearna sé measúnú air mar cheann Nár chomhlíon na hionchais go fóill.
- Tar éis réamhrá gairid ón múinteoir, déanann an t-éascaitheoir plé ginearálta ar a mhéid is a thagann obair an scoláire leis na Gnéis Cailíochta ábhartha. Má dheimhnítear an breithiúnas ag an gcrúinníú, breacann an t-éascaitheoir é sin i dtaifead an chruinnithe.
- I gcás nach mbíonn aon chomhaontú i measc an ghrúpa, ba cheart don éascaitheoir tagairt do shamplaí anótáilte ábhartha d'obair scoláirí arna soláthar ag CNCM agus, más iomchuí, do chúpla sampla d'obair scoláirí a bhfuil measúnú déanta ag múinteoirí eile sa ghrúpa orthu agus ar bhronn siad an tuairisceoir sin orthu.
- Ba cheart don éascaitheoir féachaint le comhaontú a leagan síos i rith an phlé ar shamplaí ach ba cheart go mbeadh an bhéim ar eolas agus ar scileanna gairmiúla na múinteoirí a fhorbairt seachas ar chomhaontú d'aon ghuth a lorg maidir le gach Gnéis Cailíochta i ngach sampla.

- Ba cheart an bhéim ó thaobh breithiúnais a dheimhniú i rith na gcruiinnithe athbhreithnithe a bheith ar chur chuige ‘na rogha is oriúnaí’ i gcónai áit a dtugtar deis do mhúinteoir teacht ar chomhaontú maidir leis an tuairisceoir is oriúnaí ‘ar an iomlán’ don obair atá á meas.
- Cé gur cheart am réasúnach a thabhairt i gcomhair plé, ba cheart don éascaitheoir a bhreithiúnas/breithiúnas gairmiúil a úsáid le cinneadh cathain a bheadh sé oriúnach dul ar aghaidh chuiig an gcéad sampla eile.
- Más féidir, ba cheart go bpléifí dhá shampla ar a laghad le haghaidh gach tuairisceora agus ba cheart don éascaitheoir a chinntíú go bpléitear ceann amháin ar a laghad de shamplaí gach múinteora i rith an chruinnithe.
- Déantar aithris ar an bpróiseas, ansin, le samplaí a bhfuil measúnú déanta orthu mar Ag teacht leis na hionchais, Os cionn na n-ionchas agus Thar barr ar fad agus iad a phlé agus a chomhroinnt sa ghrúpa. Ag deireadh an chruinnithe, tugann an t-éascaitheoir achoimre gearr ar na príomhphointí ón bplé.
- Tá sé tábhachtach go ndéanfadh an múinteoir nóta d’impeachtaí na gcinntí a rinneadh i rith an chruinnithe maidir leis an gcuid eile d’obair an scoláire a ndearna siad measúnú air cheana féin, go háirithe i gás tuairisceoirí nuair nach raibh a mbreithiúnas ag teacht le tuairim mhóramh na múinteoirí ag an gcruiinniú.

The facilitator leads the meeting and keeps the record of the decisions made in a template, which is used to generate the report of the meeting (see Appendix 1). It is recommended that the meeting should generally follow this sequence:

- The facilitator explains that the purpose of the meeting is to support consistency of judgement about students’ work and to develop a common understanding about the quality of student learning. The value of the meeting in providing feedback to students on how they might improve their work should also be highlighted.
- The facilitator asks one member of staff to introduce a sample of work they have assessed as Yet to reach expectations.
- Following a short introduction by the teacher, the facilitator leads a general discussion on the extent to which the student’s work matches the relevant Features of Quality. If the meeting affirms the judgement, this is noted in the meeting record by the facilitator.
- Where there is a lack of agreement, the facilitator should refer to relevant annotated examples of student work provided by the NCCA and, if appropriate, a couple of examples of student work that other teachers in the group have assessed and awarded that descriptor to.
- The facilitator should look to establish consensus during the discussion of examples but the emphasis should be on developing teachers’ professional knowledge and skills rather than on seeking unanimous agreement over every Feature of Quality in every example.
- The emphasis in affirming judgements during the review meetings should always be on a ‘best fit’ approach which allows teachers to agree the descriptor that ‘on-balance’ is most appropriate for the work being assessed.
- While reasonable time should be allowed for discussion, the facilitator should use his/her professional judgement to decide when it would be appropriate to proceed to the next sample.
- If possible, there should be discussion of at least two samples for each descriptor and the facilitator should ensure that each teacher has at least one of their samples discussed during the meeting.
- The process is repeated, in turn, with samples assessed as In line with expectations, Above expectations and Exceptional being discussed and shared in the group. At the end of the meeting, the facilitator briefly summarises the key points from the discussion.
- It’s important that each teacher notes the implications of the decisions made during the meeting for the rest of the student work they have already assessed, particularly in the case of descriptors where their judgement did not align with the view of the majority of teachers at the meeting.

I ndiaidh an chruinnithe / After the meeting

Tar éis an chruinnithe, déanann gach múinteoir machnamh ar obair a scoláire bunaithe ar thortháí an chruinnithe agus, nuair a mheastar gur gó é, déanann sé na hathruithe iomchuí ar a réamh-mheasúnú.

Tar éis an chruinnithe don Athbhreithniú ar Fhoghlaim agus ar Mheasúnú Ábhair, seolann an t-éascaitheoir isteach a thuairisc ón gcruiinniú, ag díriú ar thortháí an phlé ar obair scoláirí ag an gcruiinniú, agus cuireann sé isteach chuig príomhoide na scoile é. Féadfaidh an t-éascaitheoir iarraidh ar mhúinteoirí, más mian leo, roinnt d'obair scoláirí a chur le taisce samplaí:

- Chun tacú le hiondúchtú múinteoirí nua
- Chun tacú le cruinnithe Athbhreithnithe ar Fhoghlaim agus ar Mheasúnú Ábhair amach anseo

Chun iad a úsáid in éineacht le scoláirí agus le tuismitheoirí chun léiriú a thabhairt ar chaighdeán na hoibre a bhaintear amach.

After the meeting, each teacher considers the assessment of their students' work based on the outcomes of the meeting and, where it is considered necessary, makes the appropriate adjustments to their provisional assessments.

Following the Subject Learning and Assessment Review meeting, the facilitator submits their report from the meeting focusing on the outcomes of the discussion of student work at the meeting, and submits it to the school principal.

The facilitator may also ask teachers, should they wish, to contribute some student work to a bank of examples:

- To support the induction of new teachers
- To support future Subject Learning and Assessment Review meetings
- To use with students and parents in demonstrating the standard of work achieved.
